DOG GROOMING

Welcome, Puppy Parents!

Congratulations on your new furry family member!

Introducing your puppy to grooming at a young age is one of the best things you can do to help them feel comfortable and confident throughout their life.

We recommend booking your puppy's first groom from **12 weeks** of age.

We recommend they have had **at least two vaccinations** before visiting the salon.

Positive
experiences today
create confident,
happy dogs
for life.

WHAT IS INCLUDED IN A PUPPY CUT?

Our Puppy Cut is designed to gently introduce your puppy to the grooming process and includes:

WARM BATH AND BLOW DRY

SANITARY TRIM

EYE TRIM

PAW TIDY

NAIL TRIM

FACE TIDY

These early visits are all about creating a positive experience and helping your puppy become familiar with the sights, sounds and handling involved in grooming.

BEFORE THEIR FIRST FULL GROOM

We recommend your puppy has **at least two Puppy Cuts** before booking a Full Groom.

This helps them build confidence, become comfortable with the grooming routine, and get to know us, making future appointments much less stressful.

HOW YOU CAN HELP AT HOME

Brush your puppy regularly using a **pin brush**, rewarding them with treats and praise to create a positive experience.

Gently handle and massage their **paws and feet** each day to help them become comfortable with having them touched.

Keep grooming sessions short, calm and fun so your puppy learns that grooming is something to enjoy.

Starting early and keeping grooming a positive experience will help your puppy grow into a happy, confident dog that enjoys their grooming appointments.

We look forward to meeting your new best friend!
